EPSON®
EXCEED YOUR VISION

PowerLite® 1750

MULTIMEDIA PROJECTOR

Brilliant XGA performance in a slim ultraportable.

Its sleek, lightweight design, XGA resolution and outstanding image quality make it easy for the PowerLite 1750 to deliver brilliant presentations in the office or on the road. Offering the perfect combination of value and performance, the PowerLite 1750 features 2600 lumens color light output and 2600 lumens white light output[1] for great presentations every time. Weighing just 3.7 lb and just 1.7" tall, this ultraportable projector is ready to travel when you are! Connecting is simple, on a Mac® or PC, with USB Plug 'n Play instant setup. Or, use a USB memory device and deliver your presentation PC-free. Automatic vertical keystone correction makes setup easy. The PowerLite 1750 is also equipped with a UHE lamp that lasts up to 4000 hours.[2] You get amazing performance, ease of use and brilliant output — all from one ultra-thin projector.

- **Lightweight and travel friendly** — thin as a laptop, weighs just 3.7 lb
- **Bright XGA performance** — 2600 lumens color/white light output,[1] native XGA (1024 x 768) resolution
- **Easy connectivity** — USB Plug 'n Play — Windows® and Mac compatible

The best selling projectors #1 Epson Projectors in the world

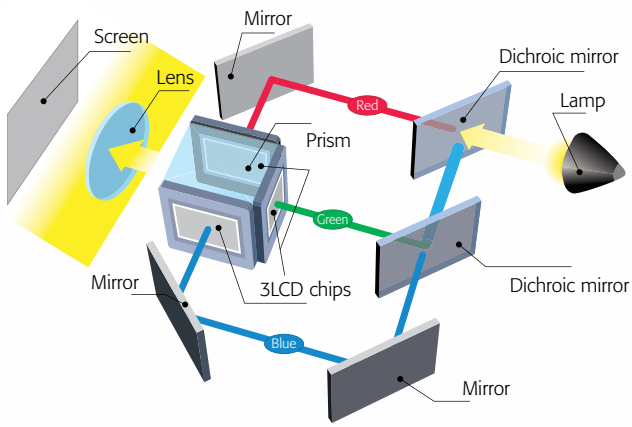
PowerLite® 1750 MULTIMEDIA PROJECTOR

The best-selling projectors in the world.

Epson understands business and education and has a solution no matter what your situation. Built with image quality and reliability in mind, Epson projectors enhance communication and inspire collaboration, while offering a low total cost of ownership. From long-throw projectors to ultra-short-throw and all-in-one solutions, Epson has the model made for you.

3LCD technology — for quality and color that's beyond amazing

- 3 chips for full-time, vibrant color
- 25% less electricity required per lumen of brightness when compared to 1-chip DLP projectors[3]
- Road-tested reliability from a company with over 20 years of experience



▲ 3LCD, 3-chip technology

Bright light output

- 2600 lumens color light output and 2600 lumens white light output[1]
- Bright, balanced, colorful images
- Incredible image quality and performance to meet your expectations
- White light output that's measured using ISO 21118 (a more rigid standard than the outdated ANSI lumens rating used by competitive products)

Actual photographs of images taken from two competing projectors run in default mode. Price, resolution and brightness (white light output) are the same for both projectors.

Ultraportable design

Better Products for a Better Future™

Eco Features

- Energy-efficient 3LCD light engine
- RoHS compliant
- Designed to be recycled[4]
- Epson America, Inc. is a SmartWay℠ Transport Partner[5]

SmartWay℠ Transport Partner
Getting There With Cleaner Air

On-the-go convenience

USB Plug 'n Play instant setup — compatible with Windows and Mac

- No more computer function keys or bulky VGA cables
- Just plug in a standard USB cable and instantly project
- Instantly view images on both the screen and your computer; one standard USB cable does it all!

Fast, easy setup and control

- **Automatic vertical keystone correction** — makes setup and placement a snap
- **Instant Off**® — no cool down time required, so it's ready to shut down when you are
- **A/V Mute Slide** — control your presentation; it's right at your fingertips
- **Sleep Mode** — set from 1 to 30 minutes to save energy when the A/V Mute Slide is closed or no signal is detected
- **1.2x optical zoom** — offers great positioning flexibility to fit large or small rooms
- **Direct Power On/Off** — power the projector on and off with the flip of a wall switch

- **Added features, no added cost — built-in closed captioning capabilities and 1 W speaker**
- **Carrying case included — for easy portability and protection when stored**
- **Filters to protect your investment — with easy access for hassle-free maintenance**

Protect your investment with Epson

Because we know how important it is to protect your valuable investment, Epson 3LCD projectors have a long-lasting filter that gives you added peace of mind. The filter helps limit the amount of dust that can settle on the internal components and reduce the lamp life or dull the image. When the time comes to clean or change the filter, just open the door, vacuum the dust off or replace the filter, close the door, and you're done.

SVGA

800 x 600
Meets basic projection needs

XGA

1024 x 768
Ensures sharper detail

WXGA

1280 x 800
Offers higher quality and is ideal for widescreen (16:10) display

1 Light output varies depending on modes (color and white light output). White light output measured using ISO 21118 standard.
2 Lamp life will vary depending upon mode selected, environmental conditions and usage. Lamp brightness decreases over time.
3 Data source: ProjectorCentral.com, Jan. 2010. Average of 910 shipping models for which the manufacturers provided lumens and total power data, all resolutions and brightness levels.
4 See our website for convenient and reasonable recycling options at www.epson.com/recycle
5 SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
